

ESSENTIAL HOME | MID CENTURY FURNITURE

THE ULTIMATE 60's MOVE OF MID CENTURY DESIGN.

Essential Home is the epitome of bohemian thoughtful unique design. Its design merge important historical references from the '30s and 60's with contemporary influences. The harmony of masculine and feminine, classic and contemporary, high and low, is integral to the brand's maverick sense of eclecticism and fearless, iconic style.

The brand deals with different, intimate and cozy ambiances that express the elegance and refinement of a home luxury. Essential Home has a midcentury modern signature that makes it desirable to all.

GATHER YOUR FRIENDS AND SHARE A GLASS OF PORT

Essential Home Collection began in the form of the first furniture collection of the lighting design brand DelightFULL. *"Soon we understood that this collection had a mind of its own. Essential Home eclectic style inspired us to create more and more. We couldn't keep it inside doors anymore"* said Nuno Corte Real, one of the designers involved in the creation of this retro high end universe.

Essentials become Essential Home and the midcentury modern furniture brand was born. The brand evolved into a 50's and 60's world of inspiration where bestsellers such as **the Monocles Sideboard** design played an important part of setting the retro mood that was going to serve as a stepping stone for the newcomer brand.

A union characterized by sensitivity, colors, matter and design. Here is how the ambiances, through a strongly evocative connotation of the '50s, give their guests a sort of union between past and present. Outline of the past that merge in a contemporary and modern ambience, creating in this way an eclectic atmosphere, characterized by matt, soft and cozy tones.
